

Pro PlayX

Hybrid Wireless In-Ear Reference Pods & Multi-communication system

The Pro Play X is a truly versatile multicomcommunication system. It's hybrid wired + wireless connectivity allows it to be used as a talk back system as well as a referenced input system for classrooms. The pods which wirelessly connect to the case is in turn connected via a mini-jack cable on to the main system. This hybrid approach enhances flexibility and makes the ProPlayX suitable for diverse applications such as classrooms, factory floors, hospitals etc.

Technical Specifications

Microphone	Omnidirectional, MicroElectrical-Mechanical System (MEMS)
Connectivity	Wired HQ connection, Bluetooth 5.0
Battery Information	2 x 50mAh. Lasts up to 5 hours play time
Charging time	2 Hours
Isolation	Passive Noise Isolation
Frequency Range	20 Hz- 20,000 kHz
Driver Size	5.5mm

Dimensions

Height	38 mm
Width	40 mm
Depth	30 mm
Net Weight	240 gms
